Theme : "Our expecting images of Asia in 10 years"

As fellow Asians, we will present concrete examples of the image we would like to create together in 10 years' time. Write down your ideas below. You can also draw images of your ideas.

- Firstly, think about the field you are interested in. Then in that field, imagine "what we would like to create in 10 years' time, as fellow Asians, interacting with each other."
- Examples of topic: "Environment issue", "Waste reduction issue", "World peace", "Cultural exchange", "People-to-people interaction", "Education", etc.
- Get concrete images as much as possible.
- It does not matter whether the vision (image) of the future 10 years from now can actually be realized. However, we aim to present a proposal that can be realized in the future. (Indicate the stage of realization.)

Large empty rectangular box for writing or drawing ideas.
